Produce print shop-quality documents at your desktop. Clear labels virtually disappear when applied to tabs. Creating tab labels for one or more divider sets is quick and easy with free Easy Apply™ Auto-Fill.

For laser and ink jet printers. Take advantage of the efficient, patented Easy Apply™ label strip that allows you to apply clear labels to all tabs all at once: simply print labels, align them against tabs, smooth down labels and peel the strip. Regardless of your line of business, Index Maker products help turn your written work and presentations into professional, print shop-quality documents in just a matter of minutes- right at your desk.
