Mouse Pads

Colors:   

As one of the most popular computer accessories, the mouse pad is brought to you in either our three standard colors or your chosen artwork. We have blue, red and gray that come packed individually or in an assorted three-pack. For greater impact we can customize them with an image of your choice. Our four color process allows for a permanent high resolution imprint that won't fade and looks just like the image. These mouse pads don't just look amazing but are made to last: they are backed with heavy duty natural rubber that eliminates skid and have a resilient polyester surface that provides excellent traction.
